Kristie,

We have received the Removal Assessment TDD for CES Environmental Services. The initial phase of the removal assessment will focus on waste characterization sampling. Can you please provide cost for analysis on a 3-day and 5-day Turn Around Time for a local laboratory:

VOCs/TCLP

SVOCs/TCLP

Metals/TCLP

Mercury/TCLP

PCBs

Total Cyanide

Sulfide

Flash Point

BTU

TPH

pH

The matrix could vary from solid, liquid, and/or oily sludge. As an initial estimate please use 40 samples.

Please let me know if you have any questions or concerns. Thanks.
